

**1. Regarding Construction of VR – 5 road:**

The road designated as VR – 5 is 190 feet wide road; which passes through Eco City – I (developed by GMADA), DLF, passing through Society and then ALTUS meets the other road designated as PR – 4. For more clarification, please refer to Location Plan uploaded on website under Tab Location.

The VR – 5 road is a Master Plan road and thus it is to be constructed by GMADA. Due to persistent persuasion by Society, the Punjab Govt. has accorded its priority to construct the VR-5 from Society area to PR-4. The land required for this road is also to be acquired by GMADA. However Society is vigorously pursuing with GMADA to acquire the land required for VR – 5; for land acquisition Society is also assisting GMADA.

So it is hereby reiterated that acquisition of land for VR – 5 and its construction is responsibility of GMADA; but Society is actively pursuing with GMADA for its construction at the earliest.

**2. Regarding Boundary Wall around Society area:**

This area of New Chandigarh is planned on the lines of Chandigarh and will have Sectors with no boundary wall i.e. boundary wall is not allowed. There is no boundary wall around other sectors developed either by private developers or GMADA such as Eco City, DLF, Omaxe.

So it is clarified that there will be no boundary wall around Society area.
